OFFICIAL BULLETIN

—OF THE—

Florida State Teachers' Association.

DeFuniak Springs, Walton County, Fla., March, 1893.

Tuesday, 21st ; Wednesday, 22d ; Thursday, 23d, Friday, 24th.

OFFICERS:

GEORGE P. GLENN, President, Jacksonville.
MRS. F. S. SMILIE, Secretary-Treasurer, Gaiter.

MRS. H. K. INGRAM, Vice-President, Jacksonville.
H. H. PALMER, Corresponding Secretary.

EXECUTIVE COMMITTEE:

FOR THREE YEARS:

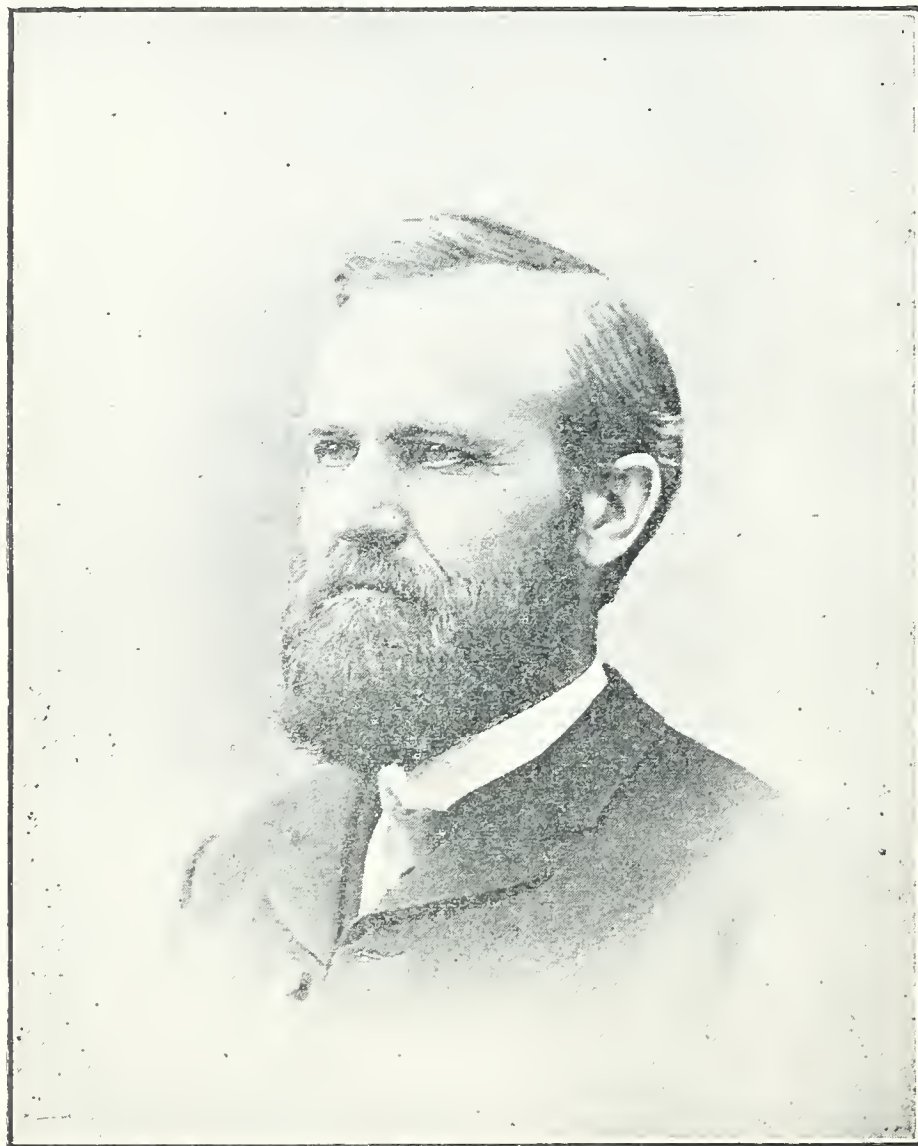

J. P. Patterson, Chairman, Pensacola.
L. W. Buchholz, Tampa.
F. L. Kern, Lake City.

FOR TWO YEARS:

Dr. W. F. Yocum, Bartow.
W. E. Knibloe, St. Augustine.
J. M. Streator, Ocala.

FOR ONE YEAR:

A. E. Booth, Dade City.
C. D. Clingan, Orlando.
Geo. P. Glenn, (Ex-Officio.)
W. N. Sheats, Gainesville.
H. H. Palmer, (Ex-Officio), Secretary

GEO. P. GLENN, M. A.,
Jacksonville, Fla.

Mr. Geo. P. Glenn, M. A., President of the State Teachers' Association, and Principal of five City Schools of Jacksonville, Fla., is a native of Gallia County, Ohio. After receiving his common school education he became a resident of Missouri. His secondary education was received in the High School, Clarinda, Iowa, and his collegiate instruction in the University of Michigan, where he was graduated A. B. in 1874. President Glenn began his life-work—teaching—at the age of 20, never digressing, save for scholastic preparation. After five years of successful teaching, he was awarded a diploma for proficiency in Latin and the Master's Degree from his Alma Mater. He has been seventeen years a superintendent of schools. Five of these years he spent in Indiana, and six in Michigan. The remainder he has spent in his present position. While in Michigan, he was appointed a State Institute Instructor for five consecutive years.

His Jacksonville schools are in a most prosperous condition in scholastic work and discipline, and a great monument to the efficiency of their popular head.

OCALA, FLORIDA.

DO YOU WANT A HOME

Where the orange and lemon
Are far surer wealth than the gold in the mine,
Where the breezes that blow from the gulf and the ocean,
Are freighted with health after kissing the pine?

Then communicate with Mr. J. W. Pearson, Ocala, Fla. Mr. Pearson is not a real estate agent, but owns all the land he offers for sale, and has unquestioned title to the same, and will furnish purchaser of property abstract of title. In the city of Ocala, Mr. Pearson has 13 houses, ranging in price from \$600 to \$6,000, and 65 vacant lots; 23 of these lots are 50x112 feet, 32 are 71x112 feet, 9 are $\frac{1}{4}$ acre, and 1 $\frac{1}{2}$ acre. He has some very desirable farms containing from 40 to 160 acres; 20 to 60 acres in cultivation, located from 1 to 5 miles from Ocala. He has three fine orange groves, of 10 acres each, coming into bearing, two of them near Ocala, the others $1\frac{1}{2}$ miles from Silver Springs. He also has 400 acres of unimproved pine land from 2 to 11 miles from Ocala. "Way down upon the Suwanee River, in Suwanee County," within $\frac{1}{2}$ mile of Branford, a station on the S., F. & W. R'y, he has an excellent tract of hammock.

Mr. Pearson, in connection with Mr. R. L. Anderson owns the exposition grounds, containing 33 acres, $\frac{1}{2}$ mile from public square, which will be sold in lots to suit purchasers. Besides these Florida lands Mr. Pearson owns 3,100 acres in Young County, Texas, at the junction of the Brazas and Clearfork rivers, which he will sell in tracts of not less than 160 acres. This land is 9 miles from Graham, the County seat. Mr. Pearson will dispose of any or all of this property for cash, or one-third cash, and the balance in three or five equal annual payments. For further information write to Mr. Pearson. He is a gentleman of veracity and his statements can be relied upon. Reference: J. M. Streator, Member Executive Committee Florida Teachers' Association, Ocala, Florida.

OCALA, FLORIDA.

To the Stranger who Desires to Enter within our Gates, Greeting:

Do you want to purchase orange lands? Do you want to secure tracts suitable for locating colonies to raise fruits and vegetables? Do you want to know where you can find beautiful homes in the most salubrious climate in the world? Do you want to raise Cuban Tobacco on United States soil? Do you want to cultivate sea island cotton? Do you want to deal in phosphate lands? If so, write to

J. T. LANCASTER,
OCALA, FLORIDA.

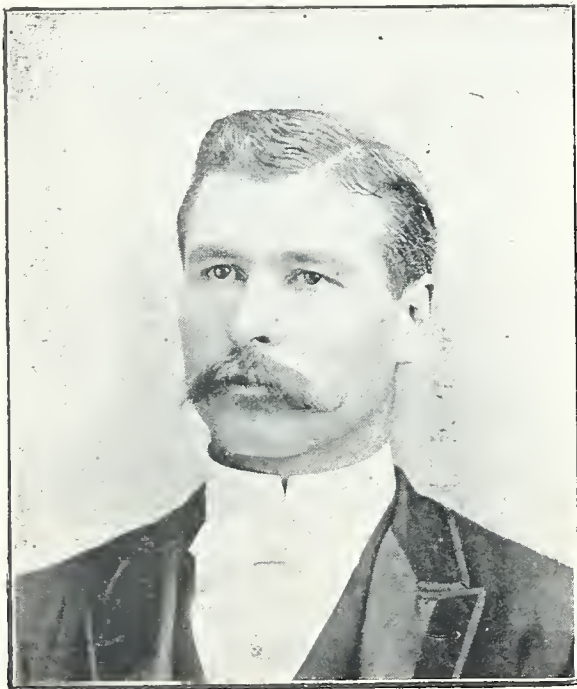

Mr. Lancaster is a real estate agent, owner and dealer in Florida lands. He has bearing groves near the city of Ocala, on fine hammock lands; he has desirable city lots, beautiful for situation, ranging in price from \$300 to \$1,000; 2,700 acres of hammock and mixed lands near Martin Station, F. S. R. R., at \$10 per acre, and 40,000 acres timbered lands in Taylor County, at \$2.50 per acre.

Mr. Lancaster is a man well known for his business integrity, the straightforwardness of his dealings, and the confidence that may be placed in what he says and does. We cheerfully recommend the readers of this catalogue, who desire reliable information respecting Florida investments, to write to Mr. Lancaster for further information. Reference: J. M. Streator, Member Executive Committee, Florida Teachers' Association, Ocala, Florida.

REV. A. H. GILLET, D. D.,

We take great pleasure in expressing our delight, because of the appointment of Rev. W. L. Davidson, D. D., as Superintendent of the Florida Chautauqua. Dr. Davidson is a graduate of Scio College, Ohio. He served twelve years as pastor in leading churches in the East Ohio Conference, seven years as one of the agents of the Sabbath School Union. He has written a popular book of travel, "Over the Sea and What I Saw." It has a wide sale. During the present year he was elected a member of the American Institute of Christian Philosophy. For ten years he has made a grand reputation in Chautauqua work. He has lectured at nearly every Chautauqua Assembly in the United States. He has shown great skill in Chautauqua management. He has had charge, as Superintendent of Instruction in Mahomet, Minn.; Beatrice, Nebraska; Mountain Lane Park, Maryland, and Lexington, Ky. He has been each year in our own Florida Chautauqua, one of the most attractive lecturers. Dr. Davidson is a very affable gentleman and wins golden opinions at every hand. He welcomes the State Teachers at DeFuniak Springs. If the teachers' convolve be not a grand success, the fault will not be with him.

T. F. MCGOURIN, ESQ., DeFuniak Springs, Fla.

In the shadow of our great loss and his eternal gain, our spirit is retrospective and prospective. On the grounds where we assemble this year, we first met our lamented dead, then in the devoted work of building up the Florida Chautauqua. In those days our Association was in its infancy. The counsels, hard work and skillful engineering of Superintendent Gillet greatly augmented and assured the success of the teachers. His cheerful spirit, his brotherly demeanor and his inspiring words were a benediction to the over-worked teacher. In the years that have elapsed our memory of him has always brought us cheer and invigorated our faith for harder work and better daring. In our anticipation of coming to the old Mecca, when our Association was planted strong and vigorous, we imagined no small joy in re-union with Dr. Gillet. His seat is now unoccupied. God has crowned him. Around his draped chair we bow and kiss the chastening rod, and pledge new fealty to his bereaved family.

REV. W. L. DAVIDSON, D. D.,
Superintendent Florida Chautauqua.

Mr. T. F. McGourin, Chairman of the Social Committee, DeFuniak Springs, is a native of Wisconsin. His elementary education was received in the Waterloo, Iowa. His higher education was received at Portland Schools, Oregon. His residence in his present place dates from 1887. For two years he was the efficient Secretary of the Board of Directors of the Chautauqua Company. He is now a member of the said board, and one of the leading manufacturers of DeFuniak Springs. Mr. McGourin is an able business man, and withal, very genial. Much of the success of the Teachers' meeting is assured, because of his hearty co-operation in all educational movements.

FLORIDA STATE NORMAL COLLEGE,

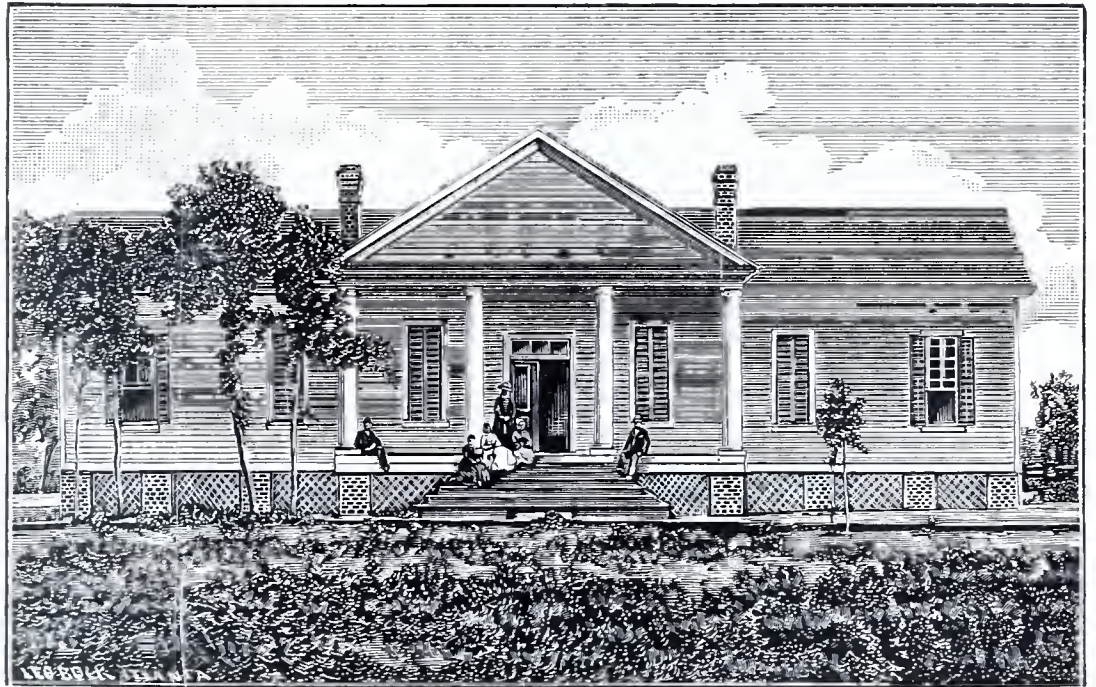

LOCATED AT

DeFuniak Springs, Walton County.

This institution is the only Normal School for white students in Florida, supported by the State. Thorough Academic, Pedagogic and Business Courses. Term begins the first Monday in October and ends the second Wednesday in June. Total cost of board, books and incidentals need not exceed one hundred dollars a year. Tuition FREE.

For further information apply to

DeFuniak Springs, Fla.

ELDREDGE & BROTHER, PHILADELPHIA, PA.

HOUSTON'S NEW PHYSICAL GEOGRAPHY.—The work has been thoroughly and carefully revised, to accord with the latest teachings of science. An entirely new and beautiful series of maps is presented, which, for teaching purposes are unequalled by anything of the kind heretofore published. A large number of new and original illustrations have been introduced. The new edition contains 172 pages. The Frontispiece presents a handsomely colored full-page plate of Niagara Falls. Price, \$1.25.

THE GOVERNMENT OF THE PEOPLE OF THE UNITED STATES. by Francis Newton Thorpe, Ph. D., Lecturer on Civil Government in the University of Pennsylvania. Thorpe's Civics is a book of inspirations and aspirations. It will prove a moral as well as an educational factor of inestimable value. It is directly in line with the "New Education." It is a book which in method, manner, and scope will secure the approval of every teacher who examines it. It is a book for the family, as well as for the class room. It makes the study of Civil Government a living reality. It will go far to make the government of the people a subject of study in every school in the land. Price, \$1.00.

HART'S "IN THE SCHOOL-ROOM." Price \$1.00. This book gives the incidents, experiences, and observations of a lifetime spent in teaching in Common Schools, Academies, High Schools, Normal Schools, and Colleges. It is not a text-book. Sent only on receipt of price.

AMERICAN LITERATURE. Price 90 cents. There has been for years past a growing demand for a text book on American Literature, comprehensive in its scope, yet sufficiently concise to be completed in one term. Such a text book is here presented, with the belief that it will fill a long-felt want in many schools. By Albert H. Smyth, A. B., Johns Hopkins University.

These books may be seen at the Association Head-quarters.

NEW ENGLAND CONSERVATORY

Founded by
Dr. Eben Tourjee. **OF MUSIC,** Carl Faellen,
Director.

The Leading Musical Institution in America.

Provides unsurpassed advantages for study in all Departments of Music, Elocution, the Fine Arts, Modern Languages and Pianoforte Tuning.

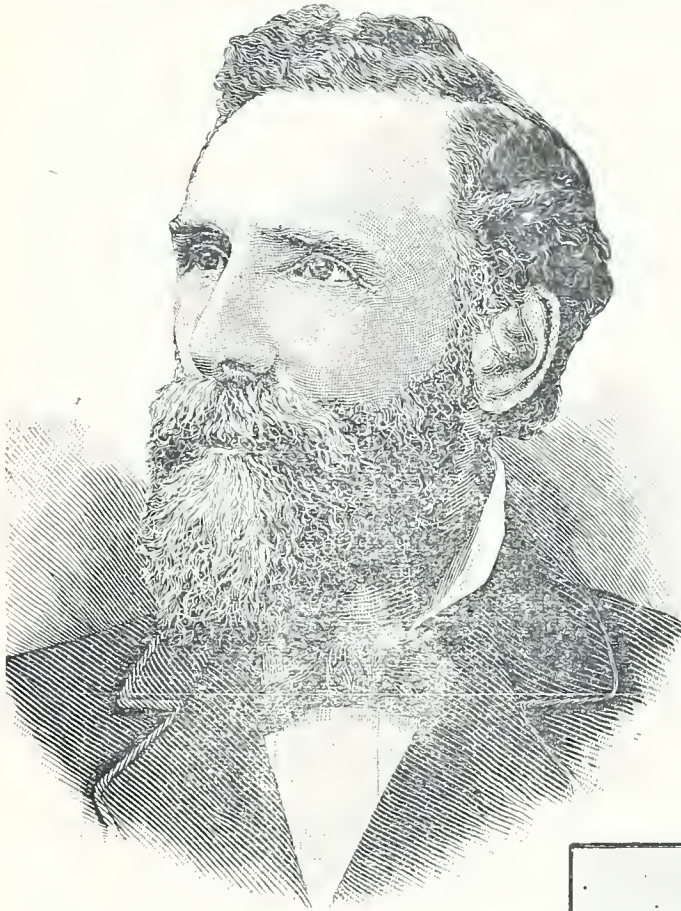

Its Faculty consists of 70 Teachers, all of whom are artists of high rank and reputation.

THE CONSERVATORY HOME, for its lady pupils, provides every comfort and safeguard and furnishes accommodation at the lowest possible cost.

The demand for graduates of this Conservatory is far in excess of the supply.

Calendar free. Address,

FRANK W. HALE, General Manager,
Franklin Square, Boston, Mass.

EMERSON ELDRIDGE WHITE, LL. D.,
Columbus, Ohio.

Francis W. Parker, LL. D., has been for a number of years at the head of the celebrated Cook County Normal School, Englewood, Chicago, Ill. This school is one of the very few professional normal schools in the United States. It is regarded as the Oxford of pedagogical training. Much of its present pre-eminence is due to its noted principal.

Principal Parker is widely known through his new departures, in school work at Quincy, Mass., where he made great revolutions in school circles prior to becoming identified with his present position.

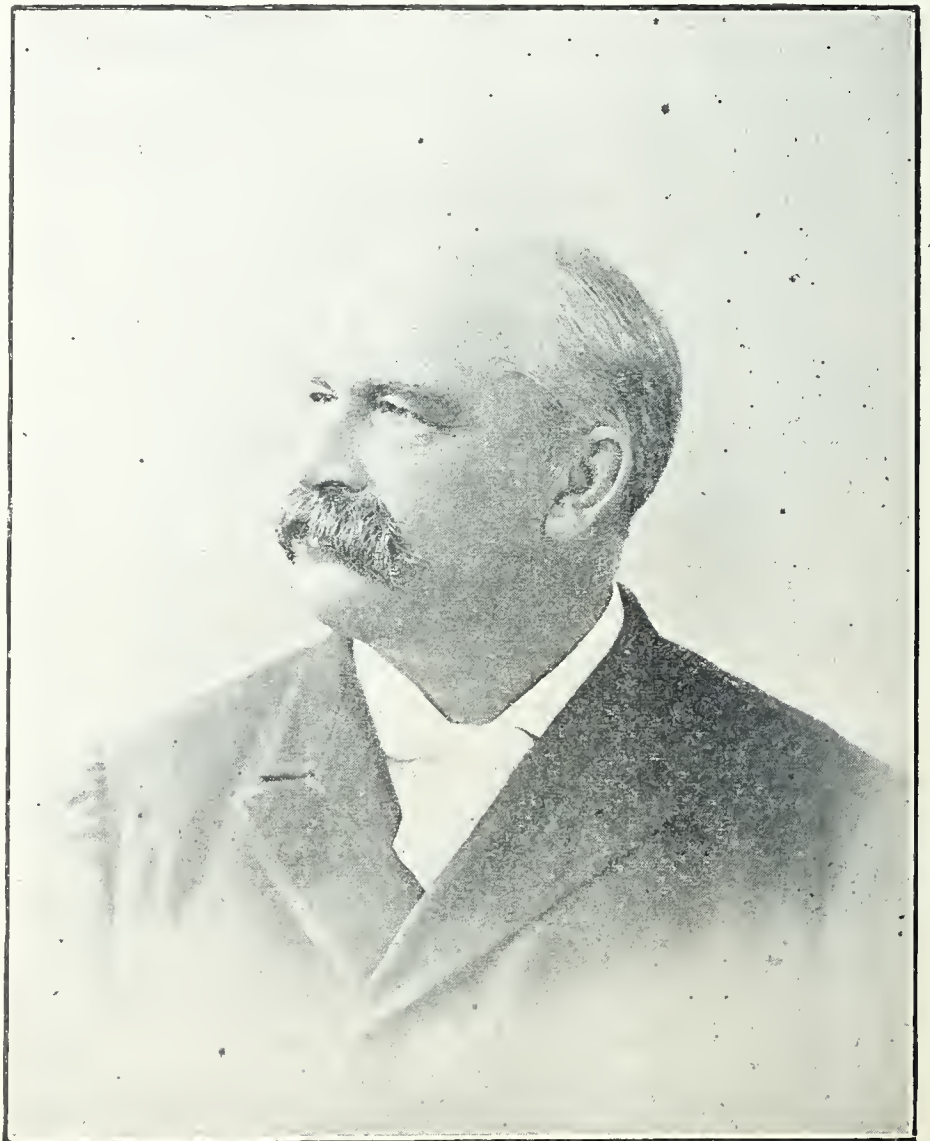

Principal Parker is in great demand at Institutes, Educational Associations and Chautauquas. His wife, Mrs. F. W. Parker, is a noted platform lecturer, and is in great demand at the different Summer Assemblies.

Dr. Emerson Eldridge White is a native of Ohio. In 1851 he became one of the principals of the Grammar Schools in Cleveland, Ohio. Later, he was Superintendent of the Public Schools of Portsmouth, Ohio. In 1861 he was made Editor of the Ohio Monthly, which he made famous among pedagogical literature. In 1863 he was appointed State Commissioner of Schools in Ohio, where he was a great reformer in School work. In 1876 he was elected President of Purdue University, Lafayette, Ind.

Dr. White is author of many eminent school books, extensively used throughout the Union. His platform lectures have made him famous. He has been President of the Ohio and National Educational Associations, and of the National Council of Education.

Dr. White's "Elements of Pedagogy" is one of the foremost books of its kind.

Dr. White's residence is now in Columbus, Ohio.

FRANCIS W. PARKER, LL. D., Principal Cook Co. Normal School, Englewood, Chicago

1607 THE LIBRARY OF AMERICAN LITERATURE, 1893

COMPILED AND EDITED BY

EDMUND CLARENCE STEDMAN AND ELLEN MACKAY HUTCHINSON,

Alone contains more carefully chosen, ably edited, and artistically arranged

ADVENTURES, ANECDOTES, BALLADS, BIOGRAPHIES, CHARACTER SKETCHES, CORRESPONDENCE, CRITICISM, DRAMAS, ESSAYS, FICTIONS, HISTORIES, HUMOROUS ARTICLES, NARRATIVES, NOTED SAYINGS, ORATIONS, POEMS, POLITICS, THEOLOGY, TRAVELS, WARS, WITCHCRAFTS, AND WONDERS.

than were ever before gathered within the same space or offered in one collection.

The Stedman-Hutchinson Library of American Literature is indispensable to busy persons whose time is limited; to children whose tastes are to be formed; to those who use books for entertainment and instruction, and to all who wish to know anything about books or authors, or who wish to improve their own conversation and writings. Not for sale by any publisher or book-store anywhere at any time. Sold strictly by subscription through solicitors employed only by the Publishers. A few select persons wanted for unoccupied territory. For description and address of our solicitor write at once to

CHARLES L. WEBSTER & CO., 67 Fifth Avenue, N. Y.

INCREASE 24 PER CENT.

Unprecedented Demand

—FOR—

REED & KELLOGG'S
TEXT BOOKS

—ON—

Spelling, Language, Grammar and Composition.

While the records show a constant increase each year in the demand for Reed & Kellogg's Grammars since their first publication, they show also that the demand during 1890 surpassed that of 1889 by 24 per cent. This unprecedented demand was exceeded in 1891 by 10 per cent.

When one bears in mind the millions of copies of the books published he better realizes the full significance of these facts.

This is no doubt partly due to the recent publication of many text books on language, grammar, and composition, which has naturally awakened increased interest in the comparison and discussion of competing works, and has resulted in more firmly establishing the well-earned reputation of Reed & Kellogg's Series.

Thinking educators have found that with Reed & Kellogg's text books in their classes they can rely on their pupils' receiving the highest possible discipline and the best practical training and this fact is no better shown than in the readiness with which teachers familiar with the books return to their use after having tried other grammars.

Music—Chautauqua Director.

General Business—Association.

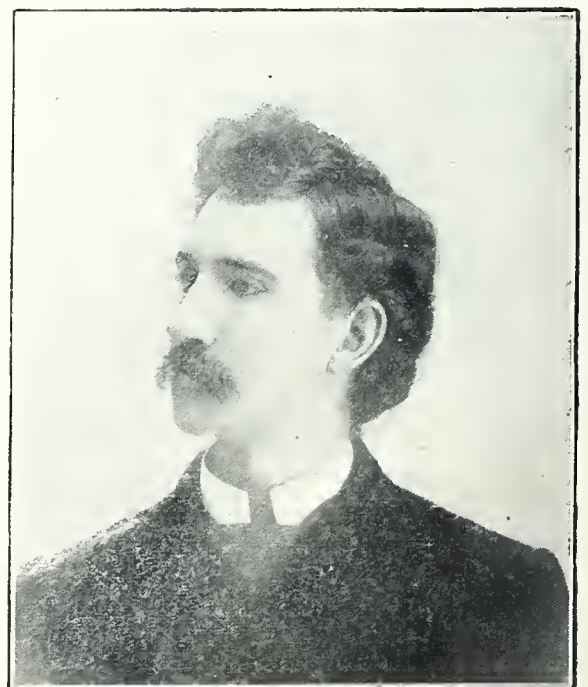

Announcements—J. P. Patterson, M. A., Chairman Executive Committee.

Adjournment.

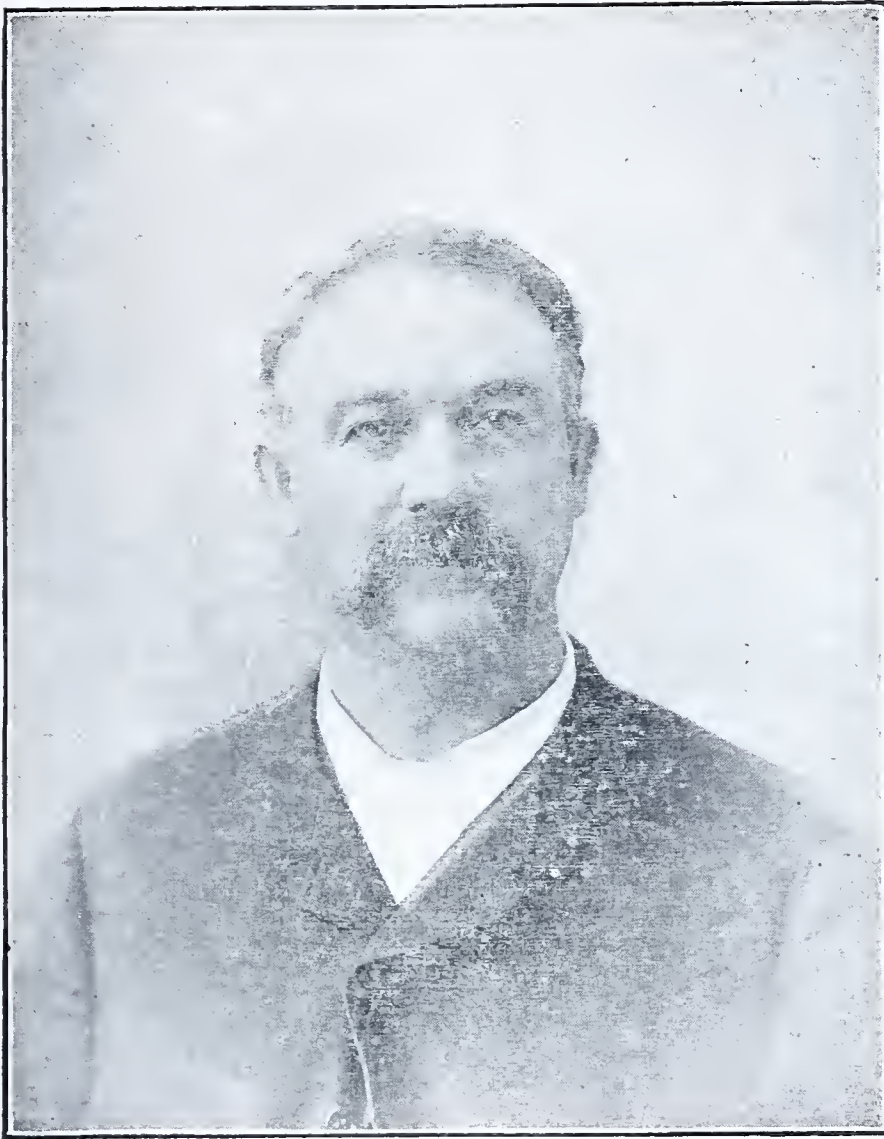

Hon. Wm. N. Sheats, Superintendent of Public Instruction of Florida, was born in Gwinnett County, Georgia, March 5th, 1851. Through the vicissitudes of misfortune brought about by the civil war, and having early in life lost his father, he was forced to rely upon his own exertions for support and for education.

In January, 1867, he came to Columbia County, Florida, where he devoted himself assiduously to farm work. By hard labor and strict economy, he laid by a few hundred dollars, which he had resolved to set apart for his education. With this fund, and by securing employment during vacations, he was enabled to sustain himself for more than four years at Emory College, Georgia, and graduated with distinguished honor in 1873. He afterwards taught at Thomasville and Camilla, Georgia, and was engaged as a professor in the East Florida Seminary, Gainesville, Florida, for four years. In 1880 he was elected County Superintendent of Schools of Alachua County, Florida, which position he held for twelve years, greatly advancing the interests of the schools, and reluctantly leaving it when, in 1892 he was called by the almost unanimous voice of the people to the State Superintendency, defeating the Populist candidate by a majority of more than 31,000. Under his wise leadership, Florida will soon be in the foremost ranks of the States of the Union in popular education and in the improvement of her school system.

Mr. Sheats was a prominent member of the State Constitutional Convention of 1885, and was the author and earnest advocate of some of the leading educational features of the present constitution. To his wisdom and foresight is due that portion of the organic law which fixed the minimum and maximum rates of county assessments for school purposes. This provision has had much to do with the improvement of the schools and with the wide diffusion of knowledge among the masses in the State.

REV. W. F. MELTON, M. A.,
President Florida Conference College, Leesburg, Fla.

Singing—Dr. R. H. Palmer, Director.
Prayer—Rev. C. H. Newell, D. D.
Singing—Chautauqua Director.
Roll-call—General Secretary.
Reading Minutes—General Secretary and Secretaries of Sections.

Mr. John P. Patterson, the highly esteemed Principal of the Schools, both black and white, of the City of Pensacola, is well fitted for his position, having had a broad, liberal education, and a wide range of experience. He is a graduate of the Ohio Wesleyan University, a local minister in the Methodist Episcopal Church, and has been ordained a Deacon and Elder of that church. He has occupied the chair of Natural Science in the Chickering Institute of Cincinnati, Ohio, in the Zanesville High School, and in the Wesleyan Female College, and the chair of Ancient Classics in the College at Xenia, Ohio. He has also been principal of the Xenia, Ohio, High School. During his connection with the Chickering Institute, he also occupied the chair of Chemistry in the Cincinnati College of Medicine and Surgery. His work of supervision in Florida, and his seven years of similar work in Ohio, render him a large experience, which, with his great energy and special attention to the elementary branches, makes him among the foremost in wise supervision. He has been twice offered good positions as college president, and several chairs in the Class of Science. Prof. Patterson has been a remarkably successful man in institute work, and now assists Supt. Cook, in holding educational meetings in Escambia County, besides supervising the County Schools during June and July. Several States of the Union have shared in his enthusiastic presentation of Natural History, in which he is a devout student.

MRS. M. F. JUDGE, Milton, Florida.

J. P. SELMAN,

Vice-Principal School No. 1, Pensacola, Fla.

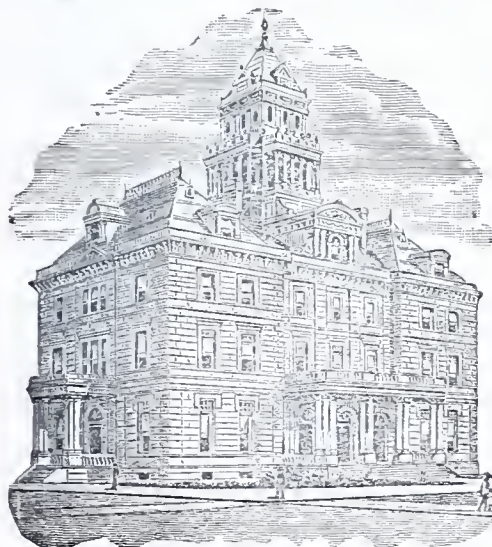

PENSACOLA, THE HISTORICAL CITY.

Pensacola is exceedingly composite in its population. The name, "Cosmopolitan Pensacola," is properly deserved, in the fact that for its citizens it makes requisition on nearly every State in the Union, as well as upon every quarter of the globe.

Pensacola commands respect for the age it bears. Over three hundred years ago the Spaniards tread its unbroken soil.

Pensacola, in the last decade, has grown to a city of more than 15,000, making a more marvelous growth, relatively, than Chicago.

Three substantial banks.
Good public schools for all.
Private and church Schools.
Newly made and solid streets.
Beautiful avenues for driving.
Artificial stone sidewalks.
Three military companies.
Two Masonic lodges.
Two Odd Fellows' lodges.
A Typographical Union.
A Stevedores' Benevolent Association.
It has a government building costing \$275,000.
It has an opera house costing \$75,000.

Public Building, Pensacola.

HON. W. D. CHIPLEY.

It has five hotels and beautiful squares.
Business blocks and fine houses grace the city.
It has the Woman's Home, the Infirmary and the Marine Hospital.
It has a Marine Railway, Public Library and Young Men's Christian Association.
It has numerous societies for young people.
It has a great fish and lumber trade.
It has street cars and dummy lines.
It has 1,000 other things of note that ought to be mentioned.

Some of its Excellences.

An excellent city government.
A fine police force.
A voluntary fire department.
Magnificent water works.
The Waring sanitary system.
Gas works and electric lights.
An electric fire-alarm.
An electric call for the police.
A large ice factory.

Two lodges of Knights of Pythias.
Two lodges of Knights of Honor.
One lodge Improved Order of Red Men.
A German Scandinavian Benevolent Association.
Order of Railway Conductors.
Order of Locomotive Engineers.
Order of Locomotive Firemen.
Two Orders of Brotherhood of Carpenters and Joiners.
Two Bricklayers' Unions.
Painters' and Decorators' Union.
A Labor Union.
A Fishermen's Protective Association.
It has ten white churches.
It has ten colored churches.
It has a Court-House costing \$40,000.
It has a County Jail costing \$30,000.

Public School Building, Pensacola.

J. M. HILLIARD,
Mayor City of Pensacola, Florida, Chairman
Excursion Committee.

THURSDAY, 7:30 P. M.

AUDITORIUM.

Music—Chautauqua Director.

Address—The Child—Principal Francis W. Parker,
Chicago.

Music—Chautauqua Director.

Chautauqua entertainment for the teachers.

Music—Chautauqua Director.

Farewell words from teachers and friends.

General Business—Association.

Announcements—Chairman Executive Committee.

Reading of Minutes—Secretary.

Adjournment—President.

FRIDAY, March 24, 1893.

Grand excursion of the teachers to the city by the
sea—Historical Pensacola.

Committee—Hon. J. M. Hilliard, Mayor of Pensacola, Chairman; Geo. S. Hallmark, President of the Board of Public Instruction, Pensacola; Supt. N. B. Cook, Col. W. D. Chipley, J. W. Lurton, Esq.

Objects of Interest—Pensacola has been the battle field of many nations and armies, hence is full of historical points.

Nature holds about the city a constant pageant—the bays, channels, bluffs, points of land, Santa Rosa Island, the varying landscapes and the grand old Gulf command love and awe.

The footprints of the warring peoples are seen in the Navy Yard—Fort Barancas, the Redoubt, Fort Pickens, and the sea imprisoned and falling Fort McCrea.

The Executive Committee have decided that a leading paper or address may occupy not more than 30 minutes.

Discussions first and second, 15 minutes, all others 5 minutes.

Judge R. L. Campbell, of Pensacola, has recently published "The Colonial Period of Pensacola." Teachers who may chance to read this literary gem will be prepared to visit Pensacola with great pleasure and profit.

The Executive Committee have great cause for congratulation that through the generous spirit of the Chautauqua Board of Directors, and their more generous purse, the association will be privileged to enjoy the able services of Drs. White and Parker and Mrs. Col. Parker.

The association are glad to greet Drs. Davidson and Palmer, and accept their eminent help.

The Committee acknowledges the generous assistance of President H. Noel Felkel, as may be seen by scanning the teachers' program.

Our popular triumvirate, Russell, Sheats and Mitchell will greet and give us words of benediction.

FLORIDA STATE TEACHERS' ASSOCIATION
—GENERAL SESSION OF THE SUPERINTENDENTS
AT PRESBYTERIAN CHURCH.

TUESDAY, March 21, 1892, 2 P. M.

C. E. L. Allison, Quincy, Superintendent Gadsden county schools.

J. C. Compton, Tavares, Superintendent Lake county schools.

General Business.

Adjournment.

NOTES.

The Executive Committee has prepared the order of work, subjects for discussion, and the times for the different sessions of superintendents, under the direction of Messrs. Russell and Sheats.

The superintendents will find the Presbyterian Church very commodious, and in easy distance from the Chautauqua Hotel. It will be kept open for Superintendents' Headquarters.

The different sessions of the superintendents are open to teachers and visitors, unless otherwise indicated.

Rev. W. F. Yocum, D. D., is a native of Ohio, but in his early years was removed to Platteville, Wisconsin. At the age of thirteen, he entered the preparatory department of Lawrence University at Appleton, whence he graduated with the degree of A. B.

Entering promptly upon his professional career he became associate principal of Bronson Institute. Catching the inspiration "to go westward" he passed beyond the attraction of the gold mines of Idaho and opened a private school in Walla Walla, where he afterwards became principal of the first public graded schools.

Five years of successful professional work won for him the degree of A. M., *in cursu*.

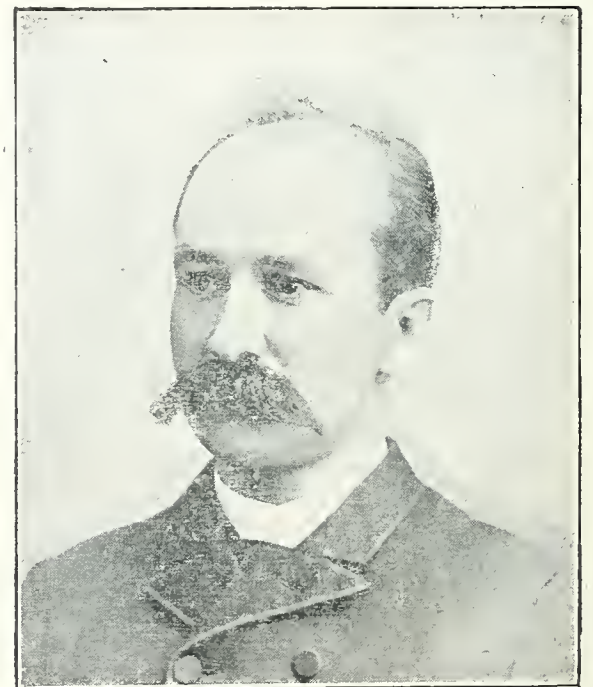

He then devoted himself for three years to the study of Theology in the Garrett Biblical Institute, Evanston, Ill., whence he received the degree of B. D.

Resuming his former profession he occupied the professorship of Mathematics in Lawrence University for five years and was then transferred to the chair of Natural History.

Having resigned his position, at Appleton, he was chosen President of Fort Wayne College, Ind., where he remained 13 years, entered the ministry of the M. E. Church receiving the honorary degree of D. D., was made president of the Fort Wayne Society of Microscopy and instructor in microscopy at the Island Park Chautauqua.

Florida next gained the fruits of his ripe experience, in the founding of Summerlin Institute. His late appointment to the Presidency of the State Agricultural College of Florida, augurs well for its prosperity. His faculty, his pupils and our people have the utmost confidence in his executive and professional ability.

The Executive Committee indulge the hope that teachers will visit the sessions of the superintendents and learn of the spirit and thought of their official heads. It is equally important that superintendents visit the general sessions, as well as the section meetings of the teachers. Mutual good feeling, mutual interest and a united front of Florida's two educational powers are necessary, both by the extent and quality of the work required.

J. F. FORBES, M. A. Ph. D.,
President of J. B. Stetson University, DeLand, Fla.

Organized under a special charter, granted by the Legislature to establish, in Florida, a christian school for both sexes, inferior to none in the country in character and rank.

FIVE DEPARTMENTS----College, Academic, Normal, Art and Music.

ADVANTAGES:

An exceedingly healthful location. Excellent Church and Sabbath-School facilities. A moral, refined and cultured community. New and handsomely appointed buildings, lighted by electricity, heated by steam, giving the most complete material equipment for educational work in the State. A faculty of fifteen live, progressive teachers of liberal culture, wide experience and marked success. Laboratory work in all practical branches. Reading Room for students with over fifty of the leading periodicals of the country constantly on file. An excellent Working Library of 4,000 volumes, carefully selected and containing a magnificent collection of bound periodical literature, which virtually includes complete sets of the leading American Magazines and Reviews. A most successful Department of Music, in which the methods of the leading Conservatories are used. A Spacious gymnasium, completely equipped with Sargent's Apparatus and containing the largest variety of the most approved appliances for all kinds of physical exercise to be found in Florida. A valuable department of Physical Culture, in which daily class exercise in gymnastics is provided for the young ladies and a military drill for the young gentlemen. Everything connected with the institution is of the very best and parents may feel assured that their children, if entered here will receive unsurpassed advantages of home and general culture. For catalogue, address

Adjournment.

Among the teachers who are devoting thought-study and in-
vestigation to a better understanding of the laws which govern the
development of the child's mind, Mrs. Veenfliet stands in the
front rank. Both as a writer and a teacher she has met with sig-
nal success in this State and her earnestness and enthusiasm have
helped along many "when the way was rough to the feet."

Mrs. Veenfliet is a thorough advocate of a public school system
of education, and believes that in Florida public schools is our
brightest hope.

Mrs. Veenfliet is Principal of the DeLand Public School and
of the Volusia County Summer Normal School.

In Normal work she has had well nigh unbounded success,
and her students rank among the most promising of our young
teachers.

NOTES.

A rare treat is in store for the primary teachers of
Florida, who will hear the treatment and discussions
of the popular themes on the Primary Work Program,
and will witness the thousand helps that will be pre-
sented.

The Executive Committee have great pleasure in
presenting the Principal, Mrs. M. L. Veenfliet, the
acknowledged leader of Florida's little people. Her
program, over which she has worked so faithfully, is
a gem in the school world.

The meetings of the Section will be held in the
new Methodist church. It is a place of exquisite
loveliness; in every way worthy the two day's literary
and work repast, that will be at once a sermon and a
song within its sacred walls.

The Executive Committee urge upon all Primary
Teachers, especially those young in the work, to join
the Primary Section and attend every exercise, for
great profit and pleasure will be the reward.

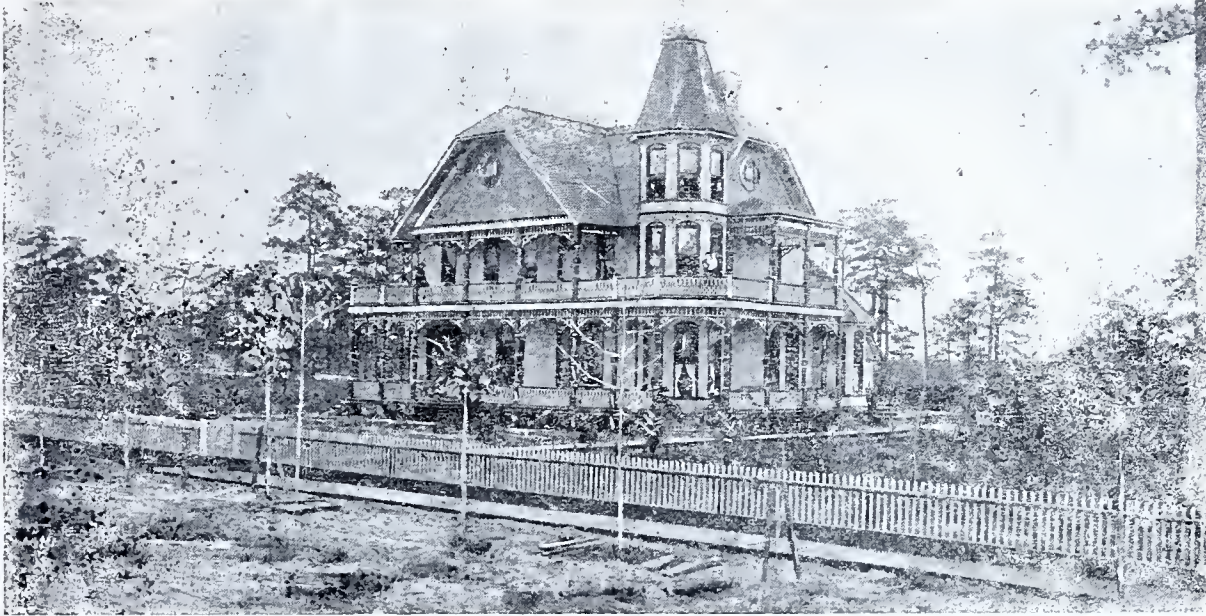

All of the teachers whose names appear on the Pri-
mary Section Program are specialists in the subjects
they discuss.

Leading educators are invited to attend the sessions
of the Section, and give of their ripened experience,
hints and suggestions. This will greatly supplement
the reformation in Primary work.

The Secretary of the Section will read the minutes
of the same each morning in the General Session of
the Association.

DEFUNIAK SPRINGS,

Walton County, Florida, is growing very rapidly. Some of the attractive homes and one of the leading Hotels are here illustrated.

Residence of Mr. J. T. Sherman.

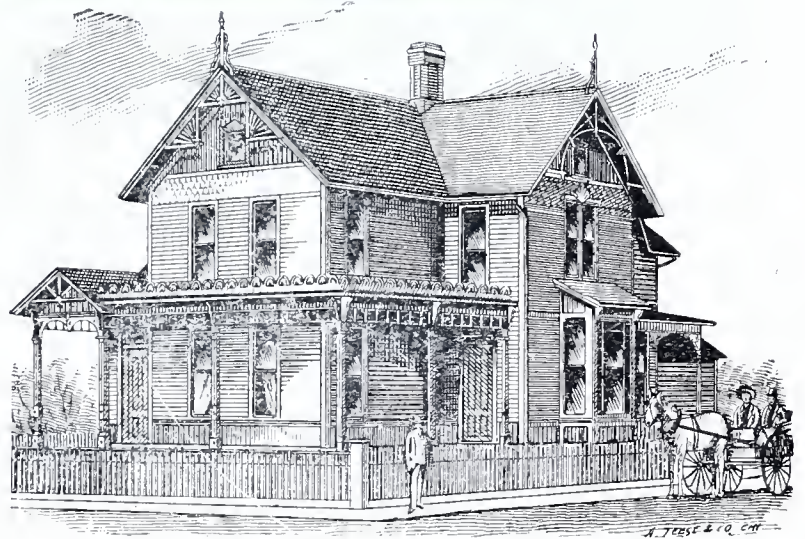

MR. J. T. SHERMAN, of Brodhead, Wisconsin, has a fine winter home on Live Oak Avenue, and with his estimable wife and family spend months in renewing their youth in this delightful climate. Their house is the first that arrests attention in coming from the North and West, and goes far to give the stranger a good first impression of the town, which is usually improved by better acquaintance.

HOTEL RATES.

Hotel Chautauqua, per day, - - - \$1.50
 New York House, per day, - - - 1.00
 Farmers Hotel, per day, - - - 1.00
 Private boarding houses from \$5.00 per week to \$1.25 per day.

T. F. MCGOURIN, Chairman.

REV. W. F. MARTIN, Sec'y.

Residence of Mr. S. F. Heath.

Mr. S. F. Heath, of Benton Harbor, Michigan, is another gentleman of means with the world to choose from, who was quick to see the advantage of investment here, and whose home is made attractive by the skillful cultivation of rare plants and flowers.

Winter Residence of Mrs. R. L. Storrs, of Chicago, at DeFuniak Springs.

MRS. R. L. STORRS, of Chicago, after trying many Southern localities, from California to East Florida, has settled here and erected on one of the finest sites in the city an elegant residence. She has identified herself with all public enterprises, and has contributed liberally to library and churches. This genial climate is most kind to her, putting large installments of sunshine into her life each season.

F. Forbes, M. A., DeLand.

DISCUSSION.

Pestalozzi as a Teacher—Amos Kellogg, LL. D.,
New York.

DISCUSSION.

Our well known and popular Superintendent, L. W. Buchholz, of Tampa, Florida, was educated in the Prussian State Normal Schools and was graduated of the same in 1875.

He taught five years in his native country after graduation. His schools always received the appellation—"first-class" from the State Board of regents and examiners.

In 1880 he was induced to come to Florida, where he has been engaged as teacher and County Superintendent. In each sphere he has had remarkable success.

Mr. Buchholz is a great worker, full of enthusiasm and a benediction to the educational work in Florida.

The Relation of School Studies—Principal Buchholz.
DISCUSSION.
Adjournment.

T. F. McBEATH, M. A.,
Principal Summerlin Institute, Bartow, Florida.

Florida Residence of G. W. Woodward, Esq.

G. W. WOODWARD, St. Paul, Minn., has made attractive a delightful home here for his family. The grounds are a model of neatness, and no pains spared to make home and its surroundings pleasant. The family have contributed to the social pleasure of the community, and have made many friends. Mr. Woodward is one of the Directors of the Chautauqua Association, and greatly interested in all that pertains to the welfare of this place.

✧ HOTEL CHAUTAUQUA, ✧

DeFuniak Springs, Fla.

A. J. GRIFFIN, Proprietor.

BATH ROOM WITH HOT AND COLD WATER.

RATES \$2.00 TO \$2.50 PER DAY.

Commands a delightful view of Park and Spring. It is commodious, well kept and homelike. The Association intends that it shall become increasingly popular with the traveling public as well as with its guests who come to take part in the Assembly.

ALL OF THE MODERN IMPROVEMENTS.

P. G. WOODRUFF, LL. D., Westville, Florida.

NOTES.

The Section will be opened by Dr. Emerson Eldridge White, easily the leader of pedagogical thought in America.

Provision has been made on the program of the Section for Drs. Kellogg and Sheldon, who have expressed a willingness to be with us.

The themes of the programs, all exceedingly inviting, are championed by some of the strongest school men of the State. The principal of the Section will have on hand, at the Association, numerous leading books on pedagogy.

The meetings of the Section will be held in "Chipley Hall."

The minutes of the Section will be read each morning in the general session of the Association by the Secretary of the Section.

The work of the Section should be decidedly mutual in thought, opinion and speech. Therefore every exercise will be open for the freest of discussion. All are invited to contribute of their ideas, plans and successes.

PROGRAM FOR THE GENERAL SECTION,
FLORIDA STATE TEACHERS' ASSOCIATION, DE FUNIAK
SPRINGS, MARCH 21, 22, 23 AND 24, 1893.

David L. Ellis, L. J., Kissimmee, Principal; W. B. Hinton, Kissimmee, Secretary of Section.

DISCUSSION.

Small Texts for Civics and Morals—Principal.

DISCUSSION.

Adjournment.

NOTES.

All are invited to participate freely in all the discussions. The topics selected for the Section are eminently practical ones.

The meeting of the Section will be held in the Court-House.

It is a matter of profound pleasure that the General Section will be opened by that eminent teacher of "Quincy fame."

Miss Pauline Reese will have prepared for exhibition special models, and will construct others as she develops her work.

Mr. Selman will aim to put in concrete form the teachings of his paper on State and County Civics. He will have on hand a small library on Civics. In this section teachers will have offered to them full scope for practical work. It is to be hoped that all will prepare to confer mutual good in excellent thought and animated discussion.

The minutes of the section will be read each morning in the General Session by the Secretary of the Section.

H. NOEL FELKEL, M. A.,
President State Normal College,
DeFuniak Springs, Fla.

—NOTES.—

The meetings of the Natural Science Section will be held in the Normal College building.

Mr. Hinton will as far as possible have on exhibition the different kinds of birds of Florida. He is a specialist in Ornithology and an expert in taxidermy of birds.

Florida teachers will heartily welcome Professors Earle and Rolf of the State Agricultural and Mechanical College.

The science teachers of the State are earnestly solicited to bring to the section different pieces of apparatus and objects of natural history which they consider worthy of attention, both for their simplicity and their educational value. Teachers making such contributions will be offered an opportunity to exhibit what they bring.

J. B. PARKINSON, Principal Schools, Daytona, Fla.

PROGRAM OF THE :: :: :: ➔ NATURAL SCIENCE SECTION.

TUESDAY, MARCH 21, 1893.

—2 O'CLOCK P. M.—

Introductory.....THE PRINCIPAL.

Simple Experiments in Chemistry.....J. J. EARLE, M. A., Lake City.

Physiology with Illustrations by Solar Camera.....

.....S. D. CAWTHON, DeFuniak Springs.

Simple Experiments in Physics.....J. P. PATTERSON, M. A., Pensacola.

WEDNESDAY, MARCH 22.

Plant Life.....J. S. ROLF, Lake City.

Experiments in Light and Construction of Optical Instruments..THE PRINCIPAL

Electricity and Magnetism

Birds of Florida.....W. B. HINTON, Kissimmee.

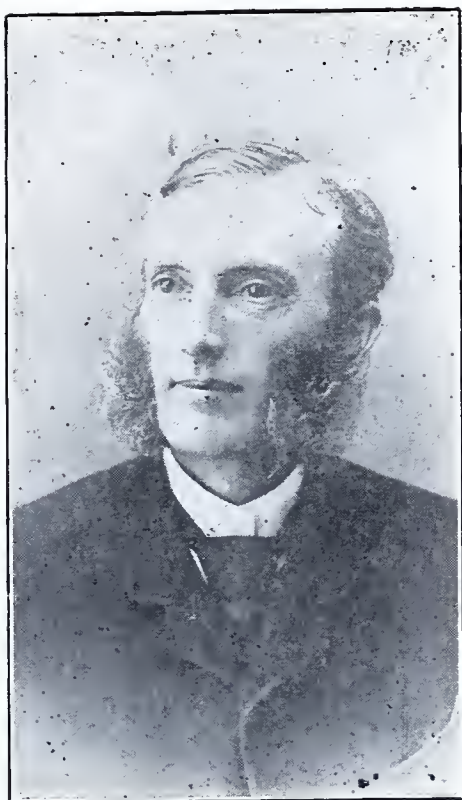

All the lectures of the section will be amply provided with simple apparatus and objects. Experiments, objects and observations will lead the way to facts; facts to principles; principles to generalization—classification—science.

It is suggested by the Executive Committee, that the teachers who propose to join the science section, would greatly facilitate their own progress by studying up the topics named in the program.

It goes without saying that Professor Felkel, who is a devoted student of the Natural Science and maker of some noted apparatus, will give his teacher pupils a rich feast in the two days' work of his section.

OFFICIAL BULLETIN FLORIDA STATE TEACHERS' ASSOCIATION,

DeFUNKIAK SPRINGS, FLORIDA, MARCH 21, 22, 23 AND 24, 1893.

THE SCIENCE OF EDUCATION

ALWAYS SEEKS EMBODIMENT IN GOOD TEXT BOOKS.

CONSIDER THESE:

WENTWORTH'S ARITHMETICS.

Crystallized naturally from years of study and experience; clear in substance, sharp in outline. Adopted for exclusive use in the State of Washington and in countless towns and cities.

"Were I to choose any complete course for my schools, of all the publications I have seen, I should most decidedly select Wentworth's."—L. J. RUNDLETT, *Supt. Schools, Concord, N. H.*

MONTGOMERY'S AMERICAN HISTORY.

A vivid panorama of the great activities of American life—their origin, development, and results. Adopted by the State of Indiana, Chicago, Philadelphia, Boston, Providence, R. I., Burlington, Vt., Lynn, Mass., etc., etc.

"The best school history that has yet appeared."—W. W. RUPERT, *Principal Boys' High School, Pottstown, Pa.*

NATIONAL MUSIC COURSE.

Studied by more pupils than all other regular courses together. The best method, the best music, and the best literature.

"The books stand the severest tests of time and use."—T. E. HAZELL, *Special Teacher of Music, New York City.*

STICKNEY'S READERS.

The vital character of both matter and method makes these readers the favorites of teachers and children.

"They have found favor with our teachers and pupils from the first."—A. R. SABLIN, *Assistant Supt. Schools, Chicago, Ill.*

CLASSICS FOR CHILDREN.

Choice literature. Judicious notes. Large type. Good paper. Firm binding. Low prices. 38 volumes ready.

"Having examined with care Classics for Children, I desire to express my great satisfaction with the taste, skill, and wisdom of

the work."—BISHOP J. H. VINCENT, *Supt. of Instruction, Chautauqua.*

THE BEGINNER'S AMERICAN HISTORY.

The lives of our most distinguished men, covering in substance, the history of the country.

"I can cheerfully recommend it as a book of unique and excellent merit, new and brilliant in outline, and true to the creeds of historical accuracy."—J. W. JAMS, *Superintendent Public Schools, Greene Co., Pa.*

GINN & COMPANY'S WRITING BOOKS.

A new series, embodying marked and substantial improvements and solving the problem of acquiring a neat, legible hand, and of learning to write with ease and rapidity.

"After a thorough examination and a practical test of this series, I am convinced that they are superior to all others."—J. D. MONTGOMERY, *Principal Grammar School, Great Falls, N. H.*

TARBELL'S LESSONS IN LANGUAGE.

A two-book course for common schools, by H. S. Tarbell, *Supt. Schools, Providence, R. I.* Expression through written forms made as natural as thought and speech.

"They are in actual use in our class-rooms, and we consider them the most comprehensive set of books in our curriculum."—GEORGE A. WILLEY, *Principal Erie, (Pa.) Academy.*

STICKNEY'S WORD BY WORD.

An improved course in spelling, in two parts. Part I is for Primary grades; Part II, advanced, is for the higher grades or for use by itself where only one book is desired.

"I believe it to be the best presentation of the subject I have yet seen."—R. E. DEXFELD, *Supt. of Schools, Duluth, Minn.*

FOR TEACHERS.

COURSES OF STUDIES AND METHODS OF TEACHING. By JOHN T. PRINCE, Agent Massachusetts State Board of Education. Send 75 cents for it.

Elementary English. Cyr's Children's Primer and Reader; Whitney & Lockwood's English Grammar; Whitney & Knox's Elementary Lessons in English; Hazen's Complete Speller; Turner's Primer and First Reader, and Stories for Young Children; Graves's New Graded Speller; Open Seasame, I, II, III, etc.
